Basically, various kinds of ornamental or colorful fish are kept in aquarium. But not only fish even aquatic plants and other types of aquatic organism like snail, crayfish, crab can also be kept here. Aquarium serves mainly the purpose of beautification of room, gives a soothing effect to eye, reduce mental stress. Aquarium also provides a very good option to study or to visualize various aquatic organisms very closely in the artificially made ecosystem. Thus, aquarium becomes a very lucrative business throughout the world now. Proper learning can help one to set up a perfect beautiful aquarium. This course would be a beneficial for the students to go for aquarium business and make them skilled in ornamental fisheries.
