The screenshot shows a PDF document titled "Final Amended Regulation of UGBCS 2019". The main text describes continuous assessment and lists two types of internal assessments: Internal Assessment (IA) and End Semester Examination (ESE). It specifies that for a student to pass, they must pass based on the marks secured in the TOTALITY of both IA and ESE. A sub-section, 10.2.1, details that IA will account for 20% of the total marks. A further sub-section, 10.2.1a, states that a sessional or mid-term examination will be conducted for 50% of the total marks allotted for IA of a course/paper. The document is on page 20 of 36.

continuous assessment. Evaluation of the student's performance in each semester for every course will be based on the following:

- Internal Assessment (IA)
- End Semester Examination (ESE)

For a student to pass in a course, she/he has to pass on the basis of the marks secured in TOTALITY in both Internal Assessment and End Semester Examination.

10.2.1 **Internal Assessment (IA):** IA will ideally account for 20% of the total marks allotted to a course/paper. For evaluating the performance of the students in a continuous way, the following measures will be adopted for distributing marks earmarked for IA.

10.2.1a **Sessional or mid-term examination will be conducted for 50% of the total marks allotted for IA of a course/paper.** (For example, if 20 marks is allotted for IA of a course/paper, then 10 marks will be kept aside for assessment in sessional or mid-term examination. The sessional examination will be held for 30 marks for the convenience of setting questions and covering the syllabus and the marks secured by the students will be proportionately converted to be out of 10 marks. Duration of the examination will be one hour. The question papers of the sessional or mid

5.3.1 For setting of question papers and evaluation each credit will be considered as equivalent of 25 marks. Thus a 4-credit paper will be of 100marks and a 3-credit paper will be of 75marks.

5.3.2 Performance of students shall be monitored throughout the Semester by adopting Continuous and Comprehensive Evaluation. It will have the following components, both in theory and practical

a. **Internal, continuous evaluation (Formative Assessment):** 40% of total marks in a paper

a.1 50% of the total marks in this category will be allocated for **sessional**/midterm test to be conducted as detailed in Sec.6.1  
*(Example: If internal assessment marks of a subject is 40 then marks allotted for sessional examination will be 20)*

a.2 50% will be allocated for internal assessment as detailed in Sec.6.2 comprising any three of the following:

- Class assignment/home assignment/case studies
- Class test/Unit test
- Field work
- Group discussion
- Seminar presentation
- Participation in class discussion
- Quiz
- Any other evaluative method as determined by the concerned teacher

b. **End Semester Examination:** 60% of total marks in a paper  
*(Example: In a theory paper of 100marks, 40 marks will be allocated for internal assessment of which 50%, i.e., 20marks will be allocated for sessional examination (to be conducted centrally by the institution as per university norms) and rest 50%, i.e., 20marks will be based on attendance and any three of the activities namely class assignment/home assignment/case studies, Class test, Field work,*

### Advanced and Slow Learner

Method of selecting Advanced and Slow learner (AL, SL):

The Department of Zoology screens AL and SL based on the following methods-

1. Attentiveness: Students are monitored on the basis of their attentiveness and their participation in the classroom student-teacher interaction process
2. Class test - Based on the marks obtained in their class test, SL and AL are segregated and remedial classes are arranged for the SL for their improvement
